Presto-Tap® Patented Tank Pressure Fitting

Application:
Low cost, permanently installed fitting between tank service valve and first stage regulator providing leak test capability without the use of tools. Eliminates the need to discard pigtail to access tank pressure.

Tank Pressure Fitting			
Part Number	**Inlet**	**Outlet**	**Reduces Emissions**
TPF	¼" F. NPT	¼" M. NPT	Up to 90%

Easily installed with adapter such as male POL x 1/4" F.NPT and 1/4" female POL x 1/4"M.MNPT.

United States Patents 5,787,916 and 5,992,438 and 6,209,560
